Why choose One Digital Solutions

One Digital Solutions are driven & motivated by customers' needs and requirements, inspiring innovation within the Digital Signage Industry.

2015 is an exciting milestone for One Digital Solutions, with the expansion and opening of our Netherlands European Division & showroom. Also seeing our technology emerging into multiple sectors including; Retail, Education, Corporate, Commercial, DOOH Roadside & Stadia!

This year has already seen 'One Digital Solutions' & the 'ELONEX' brand achieving the "Official Visual Technology partner" status for 'The Barclaycard Arena', in Birmingham, UK. Our commitment is to offer a high quality range of products at good value, through our ELONEX brand which is leading the way in Digital Signage emergence. As a British Manufacturer we are proud of our heritage with all our product range being quality designed & developed here in the UK!

Our propeller heads 'The Tech Team' have designed & manufactured a remarkable new range of integrated digital signage products this year, many of which will be launched & exhibited at the ISE – Amsterdam 10-12 February 2015. Please feel free to contact our Sales & Support team today for really good solid sound advice on all of our product range! We have a wealth of experience and can help with the end to end solution.

CREATIVE DESIGNS

Our business is all about promoting yours; we almost see it as a joint venture. We work alongside you to transpose your brand, culture and message into great content that sells. Using the most up-to-date digital marketing tools available today, we create marketing collateral that informs, engages and entertains.

Digital signage is a communication platform that requires new, fresh content in order to deliver results. No matter how advanced the technology you use or how modern and sleek the screens you employ, the media you display will ultimately break or make your system. Not sure you have the necessary skills in-house? Let us help you. Our creative services team has a rich experience in creating digital signage content that looks and sounds great and matches your brand's ethos.

Our no-nonsense approach has given us an enviable reputation for quality, sound advice and complete flexibility – ensuring you receive the highest standards of service at all times. We deliver from your brief, on time and within your budget – every time.

We provide design services for:

- Point of Sale Display Systems
- Bespoke Enclosures/Acrylics
- Vinyl Wrapping
- Graphic/Illustration
- Metal Fabrication
- Typography

DIGITAL SIGNAGE APP DEVELOPMENT

Our Android digital signage enables us to offer bespoke digital signage apps created around the context of your organisation and your particular communication objectives. Allowing your audience to interact with the screen and obtain the information they need when they need it, our digital signage apps make your install twice as useful.
